LETTER OF APPRECIATION FOR DONATION OF A VEHICLE TO SENWABARWANA VICTIM SUPPORT CENTRE

Dear Sir/Madam

The socio-economic development of the area where Venetia Mine and its contracting partners draws its labour from is a key focus area for Venetia Mine. The aim of all our programs and interventions is the upliftment of communities around us. This can only be achieved through partnerships with our contracting partners and key stakeholders.

We hereby would like to thank you for your intervention in Senwabarwana Victim Support Centre, where you donated a brand-new vehicle to the value of R247 581.02, in order to prevent victims of Gender-Based Violence from experiencing secondary victimisation when transported in police vans which are historically seen as a means of transportation for criminals.

Addressing the importance of the safety of vulnerable groups, as you have by taking in to account the implications of not having access to a safe and reliable vehicle for victims, ensures and promotes the physiological and psychological health of the communities. Your commitment towards assisting victims of the atrocious crime is truly commendable.

Thank you for all the support that you are giving us when it comes to working with our communities.

Yours faithfully

Livhuwani Nwachukwu
